Timeline For Kelly*,Forgotten Save For This

Hey! Toil for government &
you'll do fine

until they come to fetch you
for their trifle.

Or as Melville’s Bartleby voiced:
“I know you and want nothing
to say to you.”

Near the end, the gorge surges
too high for speech.

*”Tony Blair's government was last night shaken to its foundations by the apparent suicide of Dr David Kelly, the backroom Whitehall scientist caught in the lethal crossfire over weapons of mass destruction between Downing Street and the BBC.”--Guardian
